#### **bioLIVE China & New AT & IT Zone**

**BioPh China** will be upgraded to **bioLIVE China** in 2020, which will focus on bioscience, biotechnology, bioprocessing & manufacturing and new drugs.

**AT & IT** is a brand new zone about Automatic Technology & Informatization Technology. The AT & IT Zone is in line with the current trend of the pharmaceutical manufacturing industry.

#### **12 Events in 1**

Alongside pharmaceutical ingredients suppliers, companies in other sectors of the pharmaceutical industry also exhibit in the co-located events of CPhl China and FREE entrance to all of the following co-located events.

#### **P-MEC China**

P-MEC China and its collocated events (**EP & Clean Room Tech, InnoPack, P-Logi, LabWorld & AT & T**) is the most comprehensive pharmaceutical event in Asia region,

providing access to over **750 pharmaceutical machinery and equipment suppliers** from China and overseas.

- pharma packaging,
- pharmaceutical machinery & equipment,
- laboratory, clean room technology and pharma logistics in one location,
- and provides broad access to China's domestic manufacturer/potential customer scene.

The event represents an ideal opportunity for you to connect and network with key local stakeholders within the Chinese pharmaceutical machinery industry.

**InnoPack China** is gathering first-line packaging equipment and material enterprises from both the international and domestic markets, and will offer pharmaceutical manufacturers a comprehensive range of **innovative products, drug delivery systems and integrated solutions**.

**P-Logi, as a section of CPhI & P-MEC China**, is Asia's leading platform where **supply chain and logistics** decision makers, logistics service suppliers and all other industry stakeholders can meet, network and discuss the latest industry trends, partnership models and new technologies in Asia.

**LABWorld China 2020** will provide laboratory equipment manufacturers with an international industry-leading platform to **showcase the latest technologies and products, and the best opportunity to find target customers in the pharmaceutical industry**.

**EP & Clean Tech China** is a dedicated platform **showcasing cleaning and eco-friendly technologies and equipment** for the pharmaceutical industry. The show will facilitate pharmaceutical companies to find better solutions in plant design, waste treatment and environmental monitoring to meet the ever tightening industry standards.

**ICSE China** is gathering some of the most sought-after **CRO & CMO companies and technologies**, and is the ideal platform for pharmaceutical R&D institutions and biotechnology companies to acquire the latest industry information and network.

**BioPh China** is one of Asia's top exhibitions dedicated to the fields of **biotech, clinical trials, gene engineering, antibody engineering, cell cultures, bio-instruments and related products and technologies**.

**Natural Extracts - NEX** will showcase the latest products and technology ranging from plant extracts, animal extracts, health product raw materials, supplements, and TCM raw materials, **covering each market segment of the plant extract industry**.

**FDF China** will bring every aspect of the **finished dosage supply chain together** in one global location, from Big Pharma to in/out-licensing specialists, end product distributors, and end-user agents.
